Der "billboard" kürte sie einmal zur "erfolgreichsten Popformation der 80er" - eine Einschätzung, gegen die sich kaum Widerspruch regen dürfte. Schließlich besaßen AIR SUPPLY mit Hits wie **Lost In Love, Here I Am** oder **The One That You Love** ein Dauer-Abo für vorderste Chartplatzierungen rund um den Globus.

Mit ihrer neuen Single **Without You** melden sich der gebürtige Australier Russell Hitchcock und Graham Russell, den es einst aus England nach "down under" verschlagen hatte, jetzt wieder gewohnt melodios und spuckend zurück. Dieser Ohrwurm war bereits in der Repertoire von Harry Nilsson zu finden und schmückt auch das aktuelle Album **The Earth Is...**, das Pop-Gourmets noch mit 9 weiteren Klassikern in bewährter AIR SUPPLY-Qualität verwöhnt.

"Without You", Klassiker der Band "Badfinger", wurde von der Band 1971 als Albumtitel aufgenommen. Der Plattenfirma gelang es damals das Band von diesem Titel zu überzeugen und nur auf das Album zu nehmen, obwohl sich diese wehrte.

1972 wurde dieser Song von Harry Nilson gecovert und konnte sich prompt für die USA-Charts 7 Wochen auf Platz 1 platzieren.

1992 von Alexander Soidi neu arrangiert und produziert und von der authentisierten Sängerin AVA neu gesungen hat dieser Titel wieder alle Chancen.
