

Singles have a wraparound Apple cover (or, in a few cases, a single-sheet insert, except for Let It Be and all post-1976 issues, which come in a bag cover).

First issues came with an Apple cover (initially with die cuts on both sides, later on one side only), later issues (from circa 1975 onwards) came with a green Toshiba/EMI cover.

Label print for some Apple singles (mainly solo) "Mfd. by Toshiba Musical Industries Ltd. Japan" changed in late 1973 to "Mfd. by Toshiba-EMI Ltd. Japan" (although for Beatles singles this change did not occur until 1975 with the exception of Hey Jude).

The ¥400/¥500 print/stickers relate to the price printed on the front cover.

It should be noted that the price change from ¥400 to ¥500 was affected around 1971 and that ¥400 covers were initially stickered with ¥500 prices, whereas this was later changed in print. Also, 'mismatches' of, for instance, discs which should be in a ¥400 cover but are found in a ¥500 cover are quite possible (and the other way around!).

Years of release mentioned are approximate.
